Subject: CFAC

Hi There,

I'm thinking that we should still move forward with Jennifer Chergo taking on the CFAC site as the CIC. This site recently came up in an RA media/outreach briefing as to whether we were keeping the Congressional staff updated on site activities since they were so engaged during the listing process. Mike is the RPM and quite familiar with the Congressional staff as they are of him due to the Libby site but I'm not sure what's being done in terms of keeping them abreast of site activities.

Robert, does this work for you? If so I would like to send an email to Mike, you and Joe regarding the transfer of the site. Jennifer, I'm assuming you're still fine with this?

Thanks, Libby
